

NEW TRIER TOWNSHIP HIGH SCHOOL DISTRICT 203

To commit minds to inquiry, hearts to compassion, and lives to the service of humanity.®

Dear New Trier Parents/Guardians:

The Village of Northfield has notified us that the resurfacing of West Frontage Road from Illinois Road to Orchard Lane has been completed.

The replacement of the bridge on Happ Road project will begin in June 2017 and will last approximately **six months**. **During construction, Happ Road at the bridge will be completely closed to all traffic. Motorists will have to use West Frontage Road as the detour route.** Families who drive to the Northfield Campus may want to allow extra time to get to school or find alternate routes during this time. The map below indicates the areas affected.
