Dear Parent/Guardians of the High School Class of 2022:

We hope this letter finds you and your child enjoying the final year of their junior high experience. We will soon begin the registration process for New Trier High School. Transitioning the Class of 2022 to New Trier begins with the placement exam and an online registration form.

Student Registration Records:

New Trier High School will be using an online student registration system for the Class of 2022, powered by InfoSnap. The system is a secure and green process, which allows the district to digitally register your student for the upcoming school year. This system also allows New Trier to establish student demographic, emergency and medical information for your child prior to the start of the school year.

You will receive an email in early November with an InfoSnap code that enables you to make an account and complete the New Trier registration process. New Trier must receive this information in order to verify your student's enrollment and to ensure that your family will receive future communications.

- If your student does *not* plan to attend New Trier please email the registrar at registrar@nths.net
- If your student is undecided about attending New Trier, it is still important to complete the registration form through InfoSnap in order to receive future mailings from New Trier High School.
