Part-Time Attendance by Nonpublic School Students

New Trier Township High School District 203 accepts nonpublic school students, including parochial and home-schooled students who live within the District for part-time attendance in the District's regular education program on a space-available basis. Requests for part-time attendance must be submitted to the Assistant Superintendent for Curriculum and Instruction before May 1 of the year before attending.

A student accepted for partial enrollment must comply with all discipline and attendance requirements established by the school. He or she may participate in any co-curricular activity associated with a District class in which he or she is enrolled. The parent(s)/guardian(s) of a student accepted for part-time enrollment must pay all fees, pro-rated on the basis of a percentage of full-time fees. Transportation to and/or from school is provided on regular bus routes on the same basis as the District provides transportation for its full-time students. Transportation on other than established bus routes is the responsibility of the parent/guardian.

Students with a Disability

The District will accept for part-time attendance those students with disabilities who live within the District and are enrolled in nonpublic schools. Requests must be submitted by the student's parent/guardian. Special education services shall be provided to such students as soon as possible after identification, evaluation, and placement procedures provided by State law, but no later than the beginning of the next school semester following the completion of such procedures. Transportation for such students shall be provided only if required in the child's individual education plan on the basis of the child's disabling condition.

Extracurricular Activities

Non-public school students, including parochial and home-schooled students, are not eligible to participate in the District's extracurricular program.

Assignment When Enrolling Full-Time at New Trier

Grade and course placement (and assessment of credits earned at a nonpublic school) will be determined by the Assistant Superintendent for Curriculum and Instruction, and may include one or more assessments prior to placement. Placement will be determined by academic proficiency, and/or credits recognized by the District if the student demonstrates appropriate academic proficiency to the Assistant Superintendent. No grade point average will be assessed for course credits earned at nonpublic schools.

Notwithstanding the above, recognition of grade placement and academic credits awarded by a nonpublic school is at the sole discretion of the District.
