Let's Dine
Together

We are happy to offer options to add money to your student's account online through our New Trier Quest Food Management Services' Web Store! Parents can make payments online from their home or work computer, any time of the day. If your child's lunch account balance is low, it takes just a few minutes to make an online payment using Discover, VISA, or MasterCard (credit/debit). You may also pay online using an E-Check. **Please note that payments take up to 24 hours to show up on your student's account so plan accordingly.**

Payments will be processed on a secure site, powered by RevTrak.

Visit newtrierfood.revtrak.net to learn more about our online payment processor. All new users must create a login and password (sign in as a New Customer).

To receive **Low Balance Alert** Emails, login to your Revtrak account and go to My Account > Low Balance Email. You can also find current student balances when you log in to your account and enter your student's name and ID number.

Please note that you are unable to see an itemized report of what your student is purchasing. **If you would like this information or have any questions, please contact Pia Fazio at faziop@newtrier.k12.il.us.**

Food Allergens

The top eight allergens in each food item will be visibly listed on each menu for students as they decide on their meal purchases. Visible icons will consistently inform students when and if a food item contains one of these eight allergens.

Nutrition Information is also available for Specials at www.QuestfmsNutrition.com

The screenshot shows a website interface with a green header 'Quest Food' and a blue header 'Let's Dine Together'. Below the headers, there are several menu items with allergen icons. One item is 'Crispy Chicken Sandwich' with icons for Dairy, Eggs, Gluten, and Soy. Another item is 'Turkey Burger' with icons for Dairy, Eggs, and Soy. A third item is 'Veggie Burger' with icons for Dairy, Eggs, and Soy. There are also icons for Wheat, Peanuts, and Tree Nuts. At the bottom, there is a 'Nutrition Information' link and a 'Quest Food' logo.
