STUDENTS MEDICAL CANNABIS

In conformance with Ashley's Law, students may be administered medical cannabis infused products on school premises or on the school bus under the following conditions:

- The student is a qualifying patient under the Compassionate Use of Medical Cannabis Pilot Program Act with a registry identification card. The card must be presented to the school and a copy will be placed in the student's health file.
- The parent/guardian or other designated caregiver must administer the medical cannabis infused product. The parent/guardian or other designated caregiver must have a registry identification card. The card must be presented to the school and a copy will be placed in the student's health file.
- School personnel will not administer the medical cannabis infused product.
- After administering the medical cannabis infused product, the parent/guardian or other designated caregiver must remove the product from the school premises or school bus. The medical cannabis infused product will not be stored on school grounds.

Medical cannabis infused products are foods, oils, ointments, or other products containing usable cannabis that are not smoked.

School officials shall not permit the administration of medical cannabis infused products in a manner that the school official believes would create a disruption to the educational environment or would cause exposure of the product to other students.

A student will not be subject to discipline related to the administration of a medical cannabis infused product in conformance with this Policy. No student will be denied admission to the District's schools solely because the student requires the administration of a medical cannabis infused product.

Any request to administer a medical cannabis infused product to a student at school or on the school but must be in writing and directed to the Principal.
