Methodology Notes

- In the following report, both aggregated and segmented results are presented.
 - Segment: Affiliation (Close Affiliation vs. Less Close Affiliation)
- Sample sizes vary across questions as some questions only pertain to a subset of respondents.
- Statistically significant difference (95% confidence level) between groups are noted with an asterisk (*); however, for some charts sample sizes may be small and results should be interpreted with caution.
- Conclusions drawn from a small sample size ($n < 20$) should be interpreted with caution.
- For full aggregate and segmented results, please consult the accompanying data supplement.
- The survey was fielded online using the Qualtrics software platform in September of 2018.
- “Don’t Know or Not Applicable” responses, and equivalent, are often excluded from the figures and analysis in order to focus on respondents who did express an opinion.
