

***Welcome to individualized
post-high school planning for juniors (Class of 2020)
at New Trier High School***

New Trier's formal post-high school planning process begins in the the junior year; after the initial meeting and spring break, students will meet with their counselor regularly throughout the remainder of the junior and the entire senior year.

Before the initial meeting, each junior must complete a student data and self-evaluation form in adviser room. These forms provide the counselor with background information essential to tailoring the initial meeting to the student's expectations. ***Without the student's forms, scheduled meetings may be canceled on short notice; please make sure your student has completed and submitted this to the adviser in late November.***

A copy of each student's fifth-semester transcript is sent home in early March. *Both the student and parent should review every aspect of the document for accuracy.*

Please complete the "Preparing to make the initial family appointment" section of this flyer with your student before calling on the designated date.

Read this first!

Appointments begin at 8:00 AM and run through school day until the last meeting time of 3:30 PM. There are no 3:30 meetings on Fridays.

Initial meetings will begin on Tuesday, January 8, 2019.

Appointments last forty minutes, or one class period. **Students may miss advisery for the meeting, but cannot be excused from any class.**

Parents will be able to call to arrange the first appointment on the day specifically assigned to their particular counselor; for example, parents of students in Ms. Baliukaite's advisery may call December 10 between 8AM and noon. If you miss your day, please call as soon as you can.

The chart below indicates when calls can be made for the assigned post-high school counselor.

Because of the volume of calls, voice mail messages left outside of regular school hours (8:00 AM to 3:00 PM) will not be returned.

Parents need not do any preparation before the meeting.

A complete list of counselor assignments by adviser and the corresponding dates for calling can be found inside.

Preparing to make the initial family appointment

Key points to consider when scheduling:

- Initial appointments are to be attended by the student and parent(s).
- Appointments are for 40 minutes.
- Students are *never* allowed to miss class for meetings.
- Meetings start January 8 and continue throughout the spring.
- Families with multiple students in the same graduating class may make both/all appointments on the earlier date.

*****Please have the following required*** information ready when calling to schedule.**

Days and times of student free period(s):

Student's daily adviser is:

Potential dates parent(s) are available:

Referring to the chart on the left, the assigned date and time to call is:

**MARK YOUR CALENDAR TO CALL
847/784-2234 or 2233 between 8:00 AM
and 3:00 PM on the dates above.**
