Allergies

As I am sure you are all aware, more and more of our students are dealing with food allergies than ever before. Many of our students have peanut or tree nut allergies that can cause great harm to them if they are exposed to these foods. We need your help! Please avoid sending lunches that contain peanuts or tree nuts. It's crucial that we do everything we can to keep all of our students safe. If you have any questions, please feel free to consult your case manager.
